ACT, Inc. D'MAND Kontrols® Systems

Product Photo	Model	Description	List Price
	HWB-LED-S NEW	New LED (green) silver activation button. Modern semi-flush mount design can be plate (not included) or panel mounted. This button will illuminate when the ACT D'MAND Kontrols® System is activated and stays illuminated until the System shuts down. Up to (6) buttons can be installed on any 2017 ACT D'MAND Kontrols® System. Indoor use only.	\$30.72
	WT-BT NEW	New Wireless Transmitter Bluetooth Gen 2 secured device. The WT-BT can be paired with the REC-BT only. The WT-BT has an approximate range of 50'-60' from receiver, this range can be extended with the addition of the Bluetooth Repeater (RPT-BT). LED indicator light allows the user to know if the unit is securely paired with the receiver (REC-BT). Indoor use only.	\$40.68
	REC-BT NEW	New Bluetooth Wireless Receiver features a Gen 2 secured system. The REC-BT can be used with WT-BT (wireless transmitter Bluetooth), WMSRB-BT (wireless motion sensor round beam), and the RPT-BT (repeater Bluetooth). The receiver can also be paired and controlled with a smartphone via the free ACT Inc. App. Up to 15 devices can be paired per receiver to control the ACT D'MAND Kontrols® System. Indoor use only.	\$41.18
	WRT-KIT-BT NEW	New complete Gen 2 Bluetooth Wireless Receiver and Transmitter Kit. This starter kit includes both the receiver and transmitter to securely start your ACT D'MAND Kontrols® system up to a range of 50'-60'. Other Bluetooth devices may be paired to the receiver with a smartphone via the free ACT Inc. App. Indoor use only.	\$81.86
	RPT-BT NEW	New Repeater Bluetooth secured wireless range extender. This device will extend the range of the Bluetooth wireless devices securely up to 50'-60'. This is compatible with all other ACT D'MAND Kontrols® Systems Bluetooth devices (REC-BT, WT-BT and the WMSRB-BT). The RPT-BT repeater only needs a common 110v power source to operate. The RPT-BT repeater/range extender to increase the range or vector around wireless obstructions. Multiple repeaters can be used with each REC-BT, if needed (up to 5). Indoor use only.	\$75.75
	WMSRB-BT NEW	New Wireless Motion Sensor Round Beam- Bluetooth is a Gen 2 secured device that will detect motion to activate the pump and the REC-BT connected to the ACT D'MAND Kontrol® System up to 50'-60'. The motion sensor can be wall or ceiling mounted up to 12'. The range from the face of the sensor is approx. 18' in a conical 360° pattern. Where needed, the WMSRB-BT can be used with the RPT-BT repeater/range extender to increase the range or vector around wireless obstructions. Indoor use only. <i>(Coming late August 2017)</i>	\$114.12
	WMSRB-KIT-BT NEW	New complete Gen2 Bluetooth Wireless Motion Sensor Round Beam Kit. This starter kit includes both the receiver and motion sensor to securely start your ACT D'MAND Kontrols® system up to a range of 50'-60'. Other Bluetooth devices may be paired to the receiver with a smartphone via the free ACT, Inc. App. Indoor use only. <i>(Coming late August 2017)</i> .	\$155.30
	DKRB-BT-KIT NEW	D'MAND® controller for residential recirculation pump. Can be used to convert a standard pump into a D'MAND® controlled System for greater efficiency and more control. The kit includes (1) controller with 110v adapter, (1) Bluetooth receiver and (2) Bluetooth transmitters. Indoor use only.	\$627.79

ACT, Inc. D'MAND Kontrols® Systems Accessories

Product Photo	Model	Description	List Price
	WRT-KIT	Wireless Remote Package 1 Receiver/ 1 Transmitter	\$71.64
	REC-WT	Receiver for Remote Control Package	\$44.81
	WT	Individual Wireless Transmitter	\$26.83
	HWB-G-S	Button Round White Center With Gold Ring-Momentary Contact Button	\$8.46
	HWB-CH-S	Button Round White Center With Silver Ring-Momentary Contact Button	\$8.46
	HWB-CH-LED	Button Round Illuminated Center With Silver Ring-Momentary Contact Button LED	\$37.49
	BP-W	Wall Plate for Hard Wired Push Button - White	\$4.13
	BP-B	Wall Plate for Hard Wired Push Button - Black	\$7.35
	BP-STSS	Wall Plate for Hard Wired Push Button - Stainless Steel	\$19.47
	HWMSRB-W	Hard Wire Motion Sensor - Round Beam (12 Volt) - White	\$95.07
	HWMSRB-PW	Hard Wire Motion Sensor- Round Beam (12 volt) Mounted on (1) gang White Wall Plate	\$98.86
	HWRS	Hardwired Decora Momentary Contact Switch (Ideal for new construction, 2013 or newer system required)	\$9.44
	HWRS-LED	Hardwired Decora Momentary Contact Switch with LED (2013 or newer system required)	\$56.42
	WMSCB-KIT	Wireless Motion Sensor Kit/ 1 Receiver and 1 Wireless Motion Sensor Curtain Beam (12 Volt)	\$311.64
	WMSCB	Individual Wireless Motion Sensor - Curtain Beam (12 Volt)	\$193.31
	WMSRB-KIT	Wireless Motion Sensor Kit/ 1 Receiver and 1 Wireless Motion Sensor Round Beam (12 Volt)	\$327.39
	WMSRB	Individual Wireless Motion Sensor - Round Beam (12 Volt)	\$209.06
	REC-WMS	Receiver for Wireless Motion Sensor (12 Volt)	\$118.33
	PF KIT-S	(2) No Lead Brass T's and (2) 18" Flex Lines and (1) MB-CS-SS-SM, Small Mounting Bracket	\$146.43
	FL KIT	(2) Standard flanges 3/4 MPT with (4) Bolts and (4) Nuts	\$62.63
	MB-CS-SS-SM	Mounting Bracket for C3-100 and S3-100 pumps for Horizontal position in a retro-fit application	\$11.17
	MB-BR-LRG	Mounting Bracket SS3-200 for Horizontal position in a retro-fit application	\$14.17
	HSV 101-2	External hot water cross connection safety valve for all 3 speed pumps	\$124.43

ACT, Inc. D'MAND Kontrols® Systems - Residential

Product Photo	Model	Description	List Price
	C3-100	Composite 3 Speed 100 Series D'MAND Kontrols® System. Recommended for use with dedicated return lines in buildings up to 4,000 sq. ft. with tank water heaters. Or pipe runs up to 120 lineal ft. with tankless water heaters.	\$706.03
	C3-100-PFS	Composite 3 Speed 100 Series D'MAND Kontrols® System. Recommended for use with standard plumbing systems in buildings up to 4,000 sq. ft. with tank water heaters. Or pipe runs up to 60 lineal ft. between a tankless water heater and installation location of the D'MAND Kontrols® System. Includes Small Mounting Bracket, (MB-CS-SS-SM).	\$859.70
	S3-100	Stainless Steel 3 Speed 100 Series D'MAND Kontrols® System. Recommended for use with dedicated return lines in buildings up to 4,000 sq. ft. with tank water heaters. Or pipe runs up to 200 lineal ft. with tankless water heaters.	\$866.76
	S3-100-PFS	Stainless Steel 3 Speed 100 Series D'MAND Kontrols® System. Recommended for use with standard plumbing systems in buildings up to 4,000 sq. ft. with tank water heaters. Or pipe runs up to 100 lineal ft. between a tankless water heater and installation location of the D'MAND Kontrols® System. Includes Small Mounting Bracket, (MB-CS-SS-SM).	\$1,020.45
	SS3-200	Stainless Steel 3 Speed 200 Series D'MAND Kontrols® pump. Recommended for use with dedicated return lines in buildings larger than 4,000 sq. ft. with tank water heaters. Or pipe runs over 200 lineal ft. with tankless water heaters.	\$1,354.67
	SS3-200-PFS	Stainless Steel 3 Speed 200 Series D'MAND Kontrols® pump. Recommended for use with standard plumbing systems in buildings larger than 4,000 sq. ft. with tank water heaters. Or pipe runs over 100 lineal ft. between a tankless water heater and installation location of the D'MAND Kontrols® System. Includes Large Mounting Bracket, (MB-BR-LRG).	\$1,511.48
	DKRB	D'MAND Kontrols® Residential Circuit Board and Black Box. This is the electronic controls recommended for use with 3-Speed D'MAND Kontrols® Residential Systems ONLY .	\$441.72
